# Glossary of Terms and Acronyms

This is meant to be a helpful guide to understanding the document in its entirety.

**AmeriCorps**, previously known as the Corporation for National and Community Service or “The Corporation”; the federal agency that administers all AmeriCorps and Senior Corps grants

**Serve New Mexico Commission, the Commission**- the Serve New Mexico Commission is the governor appointed statewide Commission board that is charged with oversight of state-funded AmeriCorps programs.

**Commission Staff**- State Government employees charged with the day to day operations of AmeriCorps oversight, including program support and development,

**NMDWS, DWS**- New Mexico Department of Workforce Solutions; the department that administratively houses the Serve New Mexico Commission.

**RFA**- Request for Applications; this document, used to identify organizations with viable program AmeriCorps designs to be considered for funding.

**eGrants**- The internet-based application system the Corporation for National and Community Service utilizes to formally fund all applications.

**Peer Reviewer**- Community member recruited and selected based on their knowledge of AmeriCorps programming, and/or the selection criteria and focus areas.

**MSY**- Member Service Year, one MSY is the equivalent of one Full-Time term of service, MSY is used to calculate the cost to the Corporation or the Commission of your AmeriCorps program. AmeriCorps funds are contingent on the number of MSYs requested by the program. The total MSYs a program requests depends on the number and type of slots/AmeriCorps member positions included in a particular program design.

| Slot Type          | Hours | MSY        |
|--------------------|-------|------------|
| Full Time          | 1700  | 1          |
| Three-Quarter Time | 1200  | 0.7        |

**Performance Measure Instructions**- Specific document published by the Corporation that provides essential information and requirements when building an aligned performance measure. SHOULD BE READ ALONGSIDE THIS RFA.

**Application Instructions**- Document published by the Corporation that provides essential information and requirements when applying and operating an AmeriCorps grant, including instructions for calculating specific line items for the application budget, narratives, logic models, program information, etc.

**Mandatory Supplemental Guidance-** Intended to provide applicants with additional information for the preparation of their applications under the AmeriCorps State and National Notice of Federal Funding Opportunity, published by the Corporation. The Supplemental Guidance provides both detailed definitions of certain terms included in the RFA, as well as additional details regarding how to properly submit an application under the RFA. **MUST BE READ ALONGSIDE THIS RFA.**

# **INTRODUCTION:**

## **FORMULA REQUEST FOR APPLICATIONS 2022**

The Serve New Mexico Commission (hereafter “the Commission”) is a Governor-appointed Commission. It is a diverse, non-partisan body of, among others, representatives of business, labor, education, government, human service agencies and community-based organizations. The Commission directs national service policy for the state and directly administers funding awarded by AmeriCorps to support New Mexico AmeriCorps programs.

Should you receive an award under this Request for Applications (hereafter “RFA”), the New Mexico Department of Workforce Solutions (NMDWS) will issue a Funding Agreement. Therefore, you will see instances within this Request for Applications of documents, forms and other information requested by NMDWS. You must submit all documents and forms requested by NMDWS and, if awarded funding, you must agree to comply with all NMDWS funding agreement and reporting procedures.

### **Purpose of AmeriCorps Funding**

AmeriCorps grants are awarded to eligible organizations (see *Eligible Applicants* section) proposing to engage AmeriCorps members in evidence-based or evidence-informed interventions/practices to strengthen communities. An AmeriCorps member is an individual who engages in community service through an approved national service position. Members may receive a living allowance and other benefits while serving. Upon successful completion of their service, members earn an Eli Segal Education Award from the National Service Trust that members can use to pay for higher education expenses or apply to qualified student loans.

### **THIS APPLICATION IS FOR FORMULA FUNDING 2022 ONLY**

This RFA is for a pool of AmeriCorps national service funding (hereafter the “Formula pool”) that is determined on the basis of a statewide competition and selected by the Commission. Any application in response to this RFA is for this statewide Formula pool of funding.

You should only respond to this RFA if you are proposing an AmeriCorps program that will operate and provide service solely within the geographic borders of New Mexico. If your application encompasses programming that will cross these borders, or if you will place AmeriCorps members funded under this application at sites outside of New Mexico, PLEASE DO NOT RESPOND TO THIS RFA. You are proposing a National Direct Program and must respond directly to the Corporation’s national Notice Of Funding Opportunity.

This RFA will be reviewed by the Commission with two overall goals as guideposts:

- That any programs selected by the Commission from within the Formula pool will be of value to New Mexico citizens and will achieve demonstrable results within the state and its communities.
- Only well-written, well-designed, quality applications are forwarded to the Commission Board for funding consideration.

Your application must respond to this New Mexico State RFA, and must meet all the minimum requirements, deadlines and criteria called for in this RFA.

The Commission will use the following procedures to select programs for consideration for Formula AmeriCorps funding:

1. New, recompeting and continuation applicants must submit their applications electronically via the AmeriCorps web-based system, eGrants. It is recommended that applicants create an eGrants account and begin the application creation process as soon as possible before the deadline. Applicants should draft the application as a word document and copy and paste the document into the appropriate eGrants fields no later than 10 days before the deadline. Please note the length of a document in word processing software may be different than what will print out in eGrants. Following the deadline for submissions, Commission staff will review each application to determine if it meets the above criteria for consideration.
2. If an application meets the minimum criteria, it will be reviewed and scored by peer reviewers. Peer reviewers will assess applications based on the Program Design and Organizational Capability criteria. Additionally, Commission board members may also review applications. The role of the Commission staff is to facilitate the best possible review by the readers through technical assistance, training and support. Commission staff maybe available to the readers for such support throughout the reading period.
3. Concurrent with the Peer Review, Commission staff will score the Budget and Budget Narrative, and complete a Technical Review of the Performance Measures, which are not scored.
4. After the external peer reviewers complete their assessment, staff will review the results for fairness and consistency. Some applications may be selected for a Quality Control assessment. This additional level of review maybe used to assess: Applications for which there are significant anomalies; or applications submitted by high-performing current Grantees that received a low score in External Review.
5. After staff and peer review, a Clarification Period may occur allowing the applicant to provide additional/clarifying information, if requested. A request for clarification does not guarantee an application may or may not be approved for funding.
6. Based upon all information collected, Commission staff will present recommended applications and funding recommendations to the Serve New Mexico Commission Board. The Commission Board members have the opportunity to discuss each application and vote to approve or not approve the recommendations presented.
7. Applicants may be asked to provide a short, 5-minute presentation to the Commission Board. The presentation should summarize the application. Commission Board members may also ask applicants questions regarding their application. A request for a presentation does not guarantee funding.
8. After the Commission determines its funding selections, the Commission staff will notify all applicants via email whether their applications are selected.

9. If your application is selected for funding by the Commission, you may be asked to work with Commission staff to make technical and other minor changes in your application so as to ensure that your application adheres to all AmeriCorps statutes and regulations, and to clarify any areas that are vague, nonresponsive, or confusing. No changes made during this period will affect the recommendations as previously determined by the Commission. You may also be asked to enter any changes to your application into the Corporation's eGrants online system by a date specified by the Commission. An application may be removed from Commission funding consideration (following Peer Review and staff scoring) if the applicant does not timely respond to requested clarification items and resolve all clarification items. When you are crafting your application, please keep the eGrants character and page limits in mind to prevent the need to excise large portions of your application in eGrants.
10. The Commission is expected to make its grant selections on May 27, 2022. However, that date is solely within the discretion of the Commission and is subject to change.
11. If your application is selected for funding by the Commission, you will need to complete the Grant Agreement with the Commission and with NMDWS before programming can begin and before you can receive any funds. The Commission and its host agency, NMDWS, maybe the administrators of any grant you are awarded through this RFA.
12. If your application is not selected by the Commission for funding, you may request feedback from the Commission, according to a process determined by the Commission. You may be notified, at a point subsequent to the announcement of final awards by the Commission, on how to request feedback.

## **Application and Award Timeline**

Listed on the next page are specific and estimated dates and times of actions related to this application. The actions with specific dates must be completed as indicated unless otherwise changed by the Commission. In the event that the Commission finds it necessary to change any of the specific dates and times in the calendar of events listed below, it will do so by issuing an amendment to this RFA. There may or may not be a formal notification issued for changes in estimated dates and times. Meeting dates will be posted on the Commission's website at <https://www.dws.state.nm.us/servenm>. Meetings are publicized as open meetings.

## A. PROGRAM DESCRIPTION

### 1. AMERICORPS FOCUS AREAS

The National and Community Service Act of 1990, as amended by the Serve America Act, emphasizes measuring the impact of service and focusing on a core set of issue areas. In order to carry out Congress' intent and to maximize the impact of investment in national service, AmeriCorps has the following focus areas:

#### *Disaster Services*

Grant activities will provide support to increase the preparedness of individuals for disasters, improve individuals' readiness to respond to disasters, help individuals recover from disasters, and/or help individuals mitigate disasters.

### ***Economic Opportunity***

Grants will provide support and/or facilitate access to services and resources that contribute to the improved economic well-being and security of economically disadvantaged people; help economically disadvantaged people, to have improved access to services that enhance financial literacy; transition into or remain in safe, healthy, affordable housing; and/or have improved employability leading to increased success in becoming employed.

### ***Education***

Grants will provide support and/or facilitate access to services and resources that contribute to improved educational outcomes for economically disadvantaged children; improved school readiness for economically disadvantaged young children; improved educational and behavioral outcomes of students in low-achieving elementary, middle, and high schools; and/or support economically disadvantaged students' preparation for success in post-secondary educational institutions.

### ***Environmental Stewardship***

Grants will support responsible stewardship of the environment, while preparing communities for challenging circumstances and helping Americans respond to and recover from disruptive life events: programs that conserve natural habitats; protect clean air and water; maintain public lands; support wildland fire mitigation; cultivate individual and community self-sufficiency; and provide reforestation services after floods or fires.

### ***Healthy Futures***

Grants will provide support for activities that will address the opioid crisis; increase seniors' ability to remain in their own homes with the same or improved quality of life for as long as possible; and/or increase physical activity and improve nutrition with the purpose of reducing obesity.

### ***Veterans and Military Families***

Grants will positively impact the quality of life of veterans and improve military family strength; increase the number of veterans, wounded warriors, military service members, and their families served by AmeriCorps programs; and/or increase the number of veterans and military family members engaged in service through AmeriCorps programs.

## 2. Funding Priorities

*(See Mandatory Supplemental Guidance for further information about some of the priorities)*

The Commission seeks to prioritize the investment of national service resources in the following areas:

- **COVID-19 Recovery and Response** - Efforts to help local communities respond to and recover from the COVID-19 pandemic. Applicants may propose programming to aid communities in their efforts to recover from the COVID-19 pandemic, including outcomes of COVID-19 on student subgroups described in the Elementary and Secondary Education Act.
- **Educational Opportunity and Economic Mobility** - Educational opportunity and economic mobility for communities experiencing persistent unemployment or underemployment, and students experiencing homelessness or those in foster care.
- **Civic Engagement** - Programs that prioritize civic engagement and social cohesion.
- **Rural intermediaries** - organizations that demonstrate measurable impact and primarily serve rural communities with limited resources and organizational infrastructure.
- **Veterans and Military Families Caregivers, and Survivors** - A program model that improves the quality of life of veterans and improves the well-being of military families, caregivers, and survivors.
- **Environmental Stewardship** - Environmental stewardship and climate change including renewable energy and energy efficiency, building community resilience, sustainable food systems and agriculture, and conservation and habitat preservation.

In order to receive priority consideration for submitting an application within a *Notice* priority (ies), applicants must demonstrate that the priority area is a significant part of the program focus and intended outcomes and must include a high-quality program design. Responses that propose programs for the purpose of receiving priority consideration are not guaranteed funding.

## 3. Performance Measures

All applications must include at least one aligned performance measure (output and outcome) that corresponds to the proposed primary intervention. This may be a National Performance Measure or an applicant-determined measure. Additional performance measures, including output-only National Performance Measures, may also be included if desired; however, all performance measures must be consistent with the program's Theory of Change and represent significant program activities. AmeriCorps does not expect applicants to select performance measures to correspond to each and every potential member activity or community impact. The Commission values the quality of performance measures over the quantity of performance measures.

The Commission expects applicants to use National Performance Measures as part of their comprehensive performance measurement strategy if the National Performance Measures are part of the applicant's theory of change. Applicants should use both performance and evaluation data to learn from their work as well as make tactical and strategic adjustments to achieve their goals. For more information, please refer to the National Performance Measure Instructions.

## **4. Program Authority**

AmeriCorps' legal authority to award these grants is found in the National and Community Service Act of 1990, as amended, (NCSA) (42 U.S.C. 12501 et seq.)

# **B. FEDERAL AWARD INFORMATION**

## **1. Estimated Available Funds**

The Commission expects a highly competitive grant competition. Operating grant awards have two components: operating funds and AmeriCorps member positions. Grant award amounts vary – both in the level of operating funds and in the type and amount of AmeriCorps Member positions. Planning Grants have one component: operating funds solely used to plan and develop a future operational program.

## **2. Project and Award Period**

The Commission intends to provide one-year funding agreements, meaning, the application is submitted with a one-year budget. However, the Commission may award high quality applicants a three-year grant agreement contingent on funding and program success. Should an applicant receive a three-year grant agreement, they will be asked to submit a continuation application for each year after the first year of funding. Any new and re-competing applicants seeking funding under a Full-Time Fixed award or Education Award Only programming will not receive a three-year grant agreement. All awarded planning grants are one year only. Please see Section 4 for Application Process for Continuation Subgrantees. Continuation funding is not guaranteed. The Commission reserves the right to adjust the amount of the awarded grant.

The project start date is September 1, 2022 and lasts one year, ending August 31, 2023. The project start date may not occur prior to the date the Commission awards the grant. AmeriCorps members may not enroll prior to the start date of the award. AmeriCorps members may not begin service prior to the beginning of the member enrollment period as designated in the grant award. A program may not certify any hours a member performs prior to the beginning of the member enrollment period.

## **3. Type of Award**

AmeriCorps Operating Grants: The Commission may award a Cost Reimbursement or a Fixed Amount grant to any successful applicant, but the availability of a Full-Time Fixed Amount grant is limited to certain applicants. Professional Corps are not eligible to apply for Cost Reimbursement grants. See the *Eligible Applicants* section and the Mandatory Supplemental Guidance for more information. The Commission will not provide both types of grants for the same project in one fiscal year.

## **C. ELIGIBILITY INFORMATION**

### **1. Eligible Applicants**

The following Non-Federal entities (as defined in 2 CFR §200.69) who have DUNS numbers and are registered in System for Award Management (SAM) are eligible to apply:

- Indian Tribes (2 CFR §200.54)
- Institutions of higher education (2 CFR §200.54)
- Local governments (2 CFR §200.64)
- Nonprofit organizations (2 CFR §200.70)
- States (2 CFR §200.90)

Applicants who have been funded for three (3) consecutive years, regardless of one -year or multi-year funding, are required to have applied to the Competitive AmeriCorps State Program Application (published in the previous fall) for the same upcoming program year.

#### **New Applicants and Required Member Slot Request**

The Commission encourages organizations that have not received prior funding from AmeriCorps to apply. All applicants are required to request at least 10 member slots and/or 5 MSYs; applicants requesting less than 10 members and/or 5 MSYs will be deemed noncompliant and will not be reviewed. The general practice is to award no more than 35 member positions (slots) to organizations receiving an AmeriCorps grant for the first time.

New applicants are eligible to apply for Cost Reimbursement and Education Award Program (EAP) grants but are not eligible to apply for Full-Time Fixed Amount grants. Existing subgrantees/operating sites of Fixed Amount and Cost Reimbursement grantees who can demonstrate a successful history and current capacity to manage a Fixed Amount grant are considered to have AmeriCorps experience and therefore can apply for Fixed Amount grants. See Mandatory Supplemental Guidance for more information.

#### **Continuation AmeriCorps State Formula Grant Applicants**

Organizations that have current AmeriCorps State Formula operational grant awards not ending in FY22 must submit a continuation application in order to be eligible to receive funding for the following year. Please see the Application Instructions. The Commission will notify these programs in writing of their status upon publication of this RFA.

#### **Recompeting AmeriCorps State Formula Grant Applicants**

Current AmeriCorps State Formula grantees, including both planning grants seeking operational funding and current operational subgrantees are required to recompete for new funding for the 2022-2023 program year. The Commission will notify these programs in writing of their status upon publication of this RFA.

#### **Applications Pending Competitive Funding Status**

Organizations that submitted an application for Competitive Funding that was successfully recommended to AmeriCorps for funding by the Commission in 2022 and are awaiting their funding status from AmeriCorps are eligible to respond to this RFA for Formula funding; an application that

was deemed responsive by the Commission for AmeriCorps funding consideration following the Competitive Peer Review process will not be required to undergo Formula Peer Review. Agencies awaiting their Competitive application status are required to submit a letter stating that the organization will use the application submitted for Competitive funding signed by the authorized representative, directly to [samuel.sokolove@state.nm.us](mailto:samuel.sokolove@state.nm.us) by the Notice of Intent to Apply deadline. If notification for Competitive award is received during the Formula application timeline, applicants are required to accept Competitive funding and exit from consideration for Formula funding.

### **Ineligibility Due to Termination**

An applicant who was previously awarded any AmeriCorps grant and was terminated by any stream of National Service (i.e., AmeriCorps, VISTA, NCCC or AmeriCorps Seniors), regardless of whether or not that termination was for cause or mutual consent, shall not be eligible to apply for AmeriCorps/Commission funding for three (3) subsequent program years following the termination. A program that was not awarded funding as a result of assessment of the total score in previous competitions would still be eligible to apply.

### **Good Standing Certificates and Certificate of Status**

All applicants must be in good standing with all State and Federal tax authorities at the time of application submission. Proof of status must be submitted to [samuel.sokolove@state.nm.us](mailto:samuel.sokolove@state.nm.us) by the application submission deadline under the subject heading "Good Standing Verification."

### **Suspension**

Currently-funded applicants that have ended the program year with their current AmeriCorps program in suspension by the Commission will not be eligible to receive an executed funding agreement for the 2022-2023 program year, but will be eligible to apply for an upcoming competition with written proof submitted to the Commission no later than ten (10) days after the new program year (September 10, 2022) that the issues leading to suspension have been effectively addressed for a future program year. Without written proof by September 10, 2022, the conditions of termination will apply.

### **Probation**

Programs that are awarded Formula funding and have failed to meet contingencies shall be placed on probation by Commission, during which time staff will work with the program to take corrective action and satisfactorily meet grant requirements. Failure to meet requirements will potentially result in grant agreement termination.

### **2% Offset for Commission Administration**

The Commission will offset 2% from all Formula awards for Commission administrative expenses.

### **Types of Applicants**

#### State and Territory Service Commissions (for Single-State Applicants)

Organizations that propose to operate in only one state must apply through the Governor-appointed State or Territory Commissions. Each commission administers its own selection process and submits the applications it selects to compete for funding directly to AmeriCorps.

## Federally-recognized Indian Tribes

An Indian Tribe is defined as a federally recognized Indian Tribe, band, nation, or other organized group or community, including any Native village, Regional Corporation, or Village Corporation, as defined under the Alaska Native Claims Settlement Act (43 U.S.C. § 1602), that the United States Government determines is eligible for special programs and services provided under federal law to Indians because of their status as Indians. Indian Tribes also include tribal organizations controlled, sanctioned, or chartered by one of the entities described above.

## **2. Threshold Issues**

Applications should reflect that they meet the following threshold requirements for the grant type for which they are applying.

- Professional Corps applicants and/or applicants determined to be a Professional Corps by AmeriCorps must demonstrate that the community in which it will place AmeriCorps members serving as professionals has an inadequate number of said professionals.
- Applications for a Full-Time Fixed Amount grant must have full-time members (either 1,700 hour members or 300, 450, 675, 900, or 1,200 hour members serving in a full-time capacity.)
- If the proposed service activities require specialized member qualifications and/or training (for example, tutoring programs: 45 CFR §2522.910-.940), the applicant must describe how the program will meet these requirements.

## **3. Other Requirements**

Under section 132A(b) of the NCSA, organizations that have been convicted of a federal crime may not receive assistance described in this RFA.

Note that under section 745 of Title VII, Division E of the Consolidated Appropriations Act, 2016, if AmeriCorps is aware that any corporation has any unpaid Federal tax liability which –

- has been assessed,
- for which all judicial and administrative remedies have been exhausted or have lapsed, and
- that is not being paid in a timely manner pursuant to an agreement with the authority responsible for collecting the tax liability,
- that corporation is not eligible for an award under this Notice. A similar restriction may be enacted with the appropriation which will fund awards under this RFA. However, this exclusion will not apply to a corporation which a federal agency has considered for suspension or debarment and has made a determination that suspension or debarment is not necessary to protect the interest of the federal government

Pursuant to the Lobbying Disclosure Act of 1995, an organization described in Section 501(c)(4) of the Internal Revenue Code of 1986, 26 U.S.C. 501(c)(4) that engages in lobbying activities is not eligible to apply for AmeriCorps funding.

## D. APPLICATION AND SUBMISSION INFORMATION

This *RFA* should be read together with the Notice of Funding Opportunity published by the Corporation for National and Community Service, AmeriCorps Regulations, 45 CFR §§ 2520–2550, the Mandatory Supplemental Guidance, Application Instructions, and the National Performance Measure Instructions which are incorporated by reference. These documents can be found on the AmeriCorps website. The full Regulations are available online at [www.ecfr.gov](http://www.ecfr.gov).

### 1. Address to Request Application Package

Applicants can send an email to [samuel.sokolove@state.nm.us](mailto:samuel.sokolove@state.nm.us) for a printed copy of the application materials.

### 2. Content and Form of Application Submission

#### a. Application Content

In eGrants, applicants will enter the following components of a complete application:

- Standard Form 424 (SF-424) Face Sheet: This is automatically generated when applicants complete the data elements in the system
- Narratives
  - Executive Summary
  - Program Design
  - Organizational Capability
  - Cost Effectiveness and Budget Adequacy
  - Evaluation Plan (if applicable)
- Logic Model
- Standard Form 424 Budget
- Performance Measures
- Authorization, Assurances, and Certification

#### b. Page Limits

There are two page limits that must be adhered to: Narrative and Logic Model.

##### *Narrative*

Applications must not exceed ten (10) pages for the Narratives or 12 pages for Rural Intermediaries and Multi-Site applications with more than five operating sites. The Commission will use the number of locations in the “multi-site operating sites” field in eGrants to determine whether a multi-site application has more than five operating sites. The “multi-site operating sites” field can be found by clicking on the “operating sites” link in the system.

In determining whether an application complies with page limits, the Commission will count the following for the narrative:

- The application’s Executive Summary, SF 424 Facesheet, and
- The Narrative portions contained in the Program Design, Organizational Capacity, and Cost Effectiveness and Budget Adequacy sections of the application.

The Commission will consider the number of pages only as they print out from the “Review” tab in eGrants where you will see the “View/Print your application” heading) when determining compliance for page limits. The Commission will not consider the results of any alternative printing methods in determining whether an application complies with the applicable page limits. The Commission strongly encourages applicants to print out the application from the “Review” tab prior to submission to check that the application does not exceed the page limit. The application page limit does not include the Budget, narrative portion of the Evaluation Plan, the Logic Model, performance measures, or the supplementary materials, if applicable.

***Logic Model***

The Logic Model may not exceed three pages when printed with the application from the “Review” tab in eGrants.

**Please note the length of a document in word processing software may be different than what will print out in eGrants.** Reviewers will not consider any submitted material that exceeds the page limits in the printed report, also, note that the system will not prevent an applicant from entering text that will exceed page limitations. This applies to both the application page limit and the Logic Model page limit.

### **3. Dun and Bradstreet University Numbering System (DUNS) Number & System for Award Management (SAM)**

Applications must include a DUNS number **and** an Employer Identification Number. The DUNS number does not replace an Employer Identification Number. DUNS numbers may be obtained at no cost by calling the DUNS number request line at (866) 705-5711 or by applying online: [DUNS Request Service](#). The Commission recommends registering at least 30 days before the application due date.

After obtaining a DUNS number, all applicants **must** register with the SAM at [www.sam.gov](http://www.sam.gov) and maintain an active SAM registration until the application process is complete and, if a grant is awarded, throughout the life of the award. SAM registration must be renewed annually. The Commission suggests finalizing a new registration or renewing an existing one at least three weeks before the application deadline to allow time to resolve any issues that may arise. Applicants must use their SAM-registered legal name and address on all grant applications to AmeriCorps or the Commission.

Applicants who do not comply with these requirements may be ineligible to receive or maintain an award. See the SAM Quick Guide for Grantees at [https://sam.gov/sam/transcript/Quick\\_Guide\\_for\\_Grants\\_Registrations.pdf](https://sam.gov/sam/transcript/Quick_Guide_for_Grants_Registrations.pdf)

## 4. New Mexico Secretary of State Registration

All applicants must be registered corporate entities with the New Mexico Secretary of State, for more information and to register go to [www.SOS.State.nm.us](http://www.SOS.State.nm.us).

## 5. Late Applications

All applications received after the submission deadline published in the Notice are presumed to be non-compliant. In order to overcome this presumption, the applicant must:

- provide a written explanation or justification of the extenuating circumstance(s) that caused the delay, including:
  - the timing and specific cause(s) of the delay
  - the ticket number if a request for assistance was submitted to the National Service Hotline
  - any information provided to the applicant by the National Service Hotline
  - any other documentation or evidence that supports the justification
  - ensure that the Commission receives the justification and any other evidence that substantiates the claimed extenuating circumstance(s) via email to [samuel.sokolove@state.nm.us](mailto:samuel.sokolove@state.nm.us) no later than one business day after the application deadline.

Communication with Commission staff is not a substitute for the letter. Applicants are required to continue working in eGrants and with the National Service Hotline to submit the application. The Commission will determine whether or not to accept a late application on a case-by-case basis. Applicants that do not submit a justification or any other evidence to overcome the presumption of non-compliance within the published timeframe will not be reviewed or selected for award.

**Please note:** The Commission will not consider an advance request to submit a late application. Applicants are encouraged to continue working on their application until it is submitted. If you are experiencing technical difficulties, please carefully review and follow the guidance listed above, and submit your application as soon as possible.

## 6. Intergovernmental Review

This *Notice* is not subject to Executive Order 12372, “Intergovernmental Review of Federal Programs.”

## 7. Funding Restrictions

### a. Member Living Allowance

A living allowance is not considered a salary or a wage. Programs are not required to provide a living allowance for members serving in less than full-time terms of service. If a program chooses to provide a living allowance to a less than full-time member, it must comply with the maximum limits in the table below. For Cost Reimbursement grants, the amount must be included in the proposed budget as either AmeriCorps or grantee share. Exceptions are noted below.

While Fixed Amount grant applicants are not required to submit detailed budgets, they are still required to provide a living allowance to members that complies with the minimum and maximum requirements. Exceptions are noted below. Fixed Amount grant applicants are not required to indicate that amount in the application and should request those positions as “without living allowance” in the budget.

**Table: Minimum and Maximum Living Allowance**

| Service Term       | Minimum # of Hours | Minimum Living Allowance | Maximum Total Living Allowance |
|--------------------|--------------------|--------------------------|--------------------------------|
| Full-time          | 1,700              | \$16,502                 | \$33,004                       |
| Three Quarter-time | 1,200              | n/a                      | \$21,103                       |
| Half-time          | 900                | n/a                      | \$16,502                       |
| Reduced Half-time  | 675                | n/a                      | \$12,542                       |
| Quarter-time       | 450                | n/a                      | \$8,581                        |
| Minimum-time       | 300                | n/a                      | \$6,931                        |
| Abbreviated-time   | 100                | n/a                      | \$1,980                        |

***Exceptions to the Living Allowance Requirements***

1. *Programs existing prior to September 21, 1993* are not required to offer a living allowance. If an applicant chooses to offer a living allowance, it is exempt from the minimum requirement, but not the maximum requirement.
2. *EAP Grantees* are not required to provide a living allowance, but if a living allowance is provided, it must comply with the maximum requirements set forth in the Living Allowance Table above.
3. *Professional Corps Grantees* must provide members a living allowance or salary, which must meet the minimum, but may exceed the maximum living allowance set in the Living Allowance Table above. Professional Corps member salaries and benefits including child care are paid entirely by the organizations with which the members serve, and are not included in the budget request to AmeriCorps (federal or matching share.)

**b. Maximum Cost per Member Service Year (MSY)**

The AmeriCorps cost per MSY is determined by dividing the AmeriCorps share of budgeted grant costs by the number of MSYs requested. It does not include child care or the value of the education award a member may earn. The maximum amount an applicant may request from AmeriCorps per MSY is determined on an annual basis. As referenced previously, applicants are required to request at least 10 member slots and/or 5 MSYs. Applicants requesting less than 10 member slots and/or 5 MSYs will be deemed noncompliant and will not be reviewed.

New and re-competing Commission sub-grantees/applicants will be held to the maximum cost per MSY for their grant type.

**Table: Maximum Cost per MSY**

| <b>Grant Program</b>  | <b>Maximum</b>      |
|---|---------------------|
| Individual Competitive State/Territory Program (cost reimbursement) | \$21,600            |
| Multi-state (cost reimbursement)                                    | \$21,600            |
| Professional Corps Fixed Amount Applicants/Grantees                 | \$1,000*            |
| Education Award Program Fixed Amount Grant                          | \$800 or<br>\$1,000 |
| All non EAP formula grants  | \$28,800            |

\*AmeriCorps and the Commission require Professional Corps programs to cover the operating expenses associated with the AmeriCorps program through non-AmeriCorps funds.

AmeriCorps and the Commission will only consider operating funds of up to \$1,000 per MSY if an applicant is able to demonstrate significant organizational financial need based on the materials reviewed by the Office of Grant Management.

AmeriCorps and the Commission reserve the right to determine whether an applicant is Professional Corps and whether the legal applicant has sufficiently demonstrated that they can effectively operate an AmeriCorps program without receiving AmeriCorps operating funds. Given the high demand for AmeriCorps funding there may be specific circumstances where the Commission determines that either a legal applicant is not a Professional Corps program or is unlikely to demonstrate a need for operational funds due to other funding resources. Where the Commission's due diligence review of a Professional Corps application shows that the applicant has a historically high level of support from non-AmeriCorps sources, and as a result has levels of unrestricted funding that is in excess of the requested level of Commission funding, the Commission may choose to not provide additional operational funding.

\*\* Per 42 U.S.C. 125811a. AmeriCorps may not provide the operational support under this section for a program in an amount that is not more than \$800 per individual enrolled in an approved national service position, or not more than \$1,000 per such individual if at least 50 percent of the persons enrolled in the program are disadvantaged youth.

**c. Eli Segal AmeriCorps Education Award**

AmeriCorps members who successfully complete a term of service will be eligible for an Education Award from the National Service Trust. The amount of the Education Award is linked to the value of the Pell Grant. A member has up to seven years after his or her term of service to use the Education Award.

| <b>Slot Type</b>          | <b>Minimum # of Hours</b> | <b>Award Amount</b> |
|---------------------------|---------------------------|---------------------|
| Full-Time (FT)            | 1700                      | \$6,345             |
| Three Quarters Time (TQT) | 1200                      | \$4,441.50          |
| Half-Time (HT)            | 900                       | \$3,172.50          |
| Reduced Half-Time (RHT)   | 675                       | \$2,417.14          |
| Quarter-Time (QT)         | 450                       | \$1,678.57          |

|                      |     |             |
|----------------------|-----|-------------|
| Minimal-Time (MT)    | 300 | \$ 1,342.86 |
| AmeriCorps Affiliate | 100 | \$357.08    |

**d. Cost Sharing or Matching**

*Fixed Amount Grants*

There is no match requirement for Fixed Amount grants. AmeriCorps does not provide all the funds necessary to operate the program; therefore, organizations should raise the additional revenue required to operate the program.

*Cost Reimbursement Grants*

A first-time successful applicant is required to match at 24 percent for the first three-year funding period. Starting with year four, the match requirement gradually increases every year to 50 percent by year ten, according to the minimum overall share chart found in 45 CFR §2521.60 and below.

|                            |         |     |     |     |     |     |     |     |
|----------------------------|---------|-----|-----|-----|-----|-----|-----|-----|
| AmeriCorps Funding Year    | 1, 2, 3 | 4   | 5   | 6   | 7   | 8   | 9   | 10+ |
| Grantee Share Requirements | 24%     | 26% | 30% | 34% | 38% | 42% | 46% | 50% |

\*Planning grant awards are considered the first year of receiving AmeriCorps funds.

Section 121(e)(5) of NCSA (42 U.S.C. 12571(e)) requires programs that use other federal funds as match for an AmeriCorps grant to report the amount and source of these funds to AmeriCorps on a Federal Financial Report. Grantees must track and be prepared to report on that match separately each year and at closeout.

The living allowance or salary provided to AmeriCorps members in Professional Corps programs (see Mandatory Supplemental Guidance) does not count toward the matching requirement.

*Alternative Match*

Under certain circumstances, applicants may qualify to meet alternative matching requirements that increase over the years to 35 percent instead of 50 percent as specified in the regulations at 45 CFR §2521.60(b). To qualify, applicants must demonstrate that the proposed program is either located in a rural county or in a severely economically distressed community as defined in the Application Instructions. Applicants who plan to request an alternative match schedule must submit a request at the time the application is submitted to [samuel.sokolove@state.nm.us](mailto:samuel.sokolove@state.nm.us).

**e. Indirect Costs**

Application budgets may include indirect costs. Based on qualifying factors, applicants will either use a federally approved indirect cost rate, a 5/10 percent fixed option, a 10 percent *de minimis* rate of modified total direct costs, or may claim certain costs directly as outlined in 2 CFR § 200.413. States, local governments and Indian Tribes may use approved indirect cost allocation plans. All methods must be applied consistently across federal awards. Applicants that have a federal negotiated indirect cost rate or that will be using the 10 percent *de minimis* rate must enter that information in the Organization section in the eGrants. However, under

section 121(d) of the NCSA and AmeriCorps regulations at 45 CFR 2521.95 and 2540.110, no more than five percent of award funds may be used to recover indirect costs on AmeriCorps grants.

## 8. Other Submission Requirements

### a. Electronic Application Submission in eGrants

Applicants must submit applications electronically via eGrants. The Commission recommends that applicants create an account and begin the application at least three weeks before the deadline. Applicants should draft the application as a word processing document, then copy and paste the text into the appropriate field no later than ten days before the deadline. Be sure to check the page count after all narrative information has been input into eGrants.

The applicant's authorized representative must be the person who submits the application. The authorized representative must be using eGrants under his or her own account in order to sign and submit the application. A copy of the governing body's authorization for this official representative to sign must be on file in the applicant's office.

Contact the National Service Hotline at (800) 942-2677 if a problem arises when creating an account or preparing or submitting the application. Be prepared to provide the application ID, organization's name, and the Notice to which the organization is applying. If the issue cannot be resolved by the deadline, applicants must continue working with the National Service Hotline to submit their application via eGrants.

If extenuating circumstances make it impossible for an applicant to submit in eGrants, applicants may send a paper copy of the application via overnight carrier to the following address:

Attn: Samuel Sokolove  
Executive Director, Serve New Mexico Commission  
c/o Department of Workforce Solutions  
401 Broadway NE  
PO Box 1928  
Albuquerque, NM 87102

Please use a non-U.S. Postal Service carrier to avoid security-related delays. All deadlines and requirements in this *Notice* also apply to paper applications. Paper applications must include a cover letter detailing the circumstances that make it impossible to submit via eGrants. The Commission does not accept full or partial applications submitted via fax or email.

### b. Submission of Additional Documents

Applicants are required to submit the following additional documents by the application submission deadline:

#### *All applicants*

- Evaluation briefs, reports, studies. Please refer to the *Evidence Base* section and Mandatory Supplemental Guidance for detailed instructions by evidence tier.

### ***Re-competing applications***

- Evaluation report, if required. Please see the *Evidence Tiers* definitions in the Mandatory Supplemental Guidance and Section E. Evaluation Plan for further information.
- Labor union concurrence (if applicable)
- Federal debt delinquency (if applicable)

### ***Rural Intermediaries (New and re-competing)***

- Agencies applying as a Rural Intermediary will receive an additional four points. Applicants seeking consideration under this priority must demonstrate that they will be serving in rural, severely under-resourced communities; that their application represents a consortium, that the activities provided by the consortium collectively address a compelling community need or set of needs; and that they have sufficient financial and management capacity to act as an umbrella organization for the consortium. Applicants that choose to select the priority area of Rural Intermediary shall provide a letter of commitment from each of the sites/locations selected to receive Capacity Building activities from the AmeriCorps program.

### ***Entities applying on behalf of a Federally Recognized Tribe (New and re-competing)***

- Sanctioning resolution adopted by the tribal council of each Indian Tribe. (See the *Eligible Applicants* section.)

### ***New and Re-competing applications***

- Financial Management Survey (FMS) and supporting documents located on the Commission website: <https://www.dws.state.nm.us/nmccv/>
- Selected Financial Survey under the Application Certification Form section.

Additional documents must be emailed to [samuel.sokolove@state.nm.us](mailto:samuel.sokolove@state.nm.us) with the labels outlined below. Emails should include the following information:

- Subject line: [Legal Applicant Name]- [Application ID number]
- Body of the email should identify:
  - The legal applicant name and its point of contact information
  - The application ID number
  - A list of documents that should be attached to the email
- Attachments to emails should include:
  - Individually saved files that are clearly labeled
  - Each file should also include a header or title within the body of each additional document to include the legal applicant name and application ID number.

Do not submit other items not requested in this application. The Commission will not review or return them.

### **c. Applicants must submit the following to [samuel.sokolove@state.nm.us](mailto:samuel.sokolove@state.nm.us)**

- Signed Letter of Transmittal
- Response to Specifications
- Response to grant agreement Terms and Conditions
- Applicant's Additional Terms and Conditions
- Signed Campaign Contribution Form

- Signed Employee Health Coverage Form
- Signed Affidavit pursuant to Governmental Conduct Act (If applicable)
- Signed Pay Equity Reporting
- Signed In-Kind Contribution and Donation Form
- Signed preparer’s affirmation that the person/persons writing this application for funding are not being currently compensated for their time with matching or AmeriCorps funds.
- A summary of the agency’s Equity, Diversity and Inclusion policies, if available (see below.)

Within each section of the application, applicants should address the items in the order in which they appear in this RFA. All forms provided in this RFA must be thoroughly completed and submitted according to the instructions.

Any application that does not adhere to these requirements may be deemed non-responsive and rejected on that basis.

## **E. APPLICATION REVIEW INFORMATION**

### **1. Criteria**

Each applicant must describe a project that will deploy AmeriCorps members effectively to solve a significant community problem. The Commission urges applicants to submit high quality applications that carefully follow the guidance in these application Instructions. The quality of an application will be an important factor in determining whether an organization will receive funding.

#### **Operational Grant Scoring**

The maximum points possible for applicants is 100; 100 possible points awarded correlate directly to the programmatic areas as indicated below. Applications that score a minimum of 80 points will be considered by the Commission Board for submission to AmeriCorps for funding consideration. Applications to be considered for submission to AmeriCorps may receive clarification items from the Commission prior to submittal. Applications that score less than 80 points will be deemed weak/non-responsive and will not be considered by the Commission Board for funding consideration.

#### **Preparer Certification**

Applicants are required to affirm that the person/persons writing this application for funding are not currently being compensated for their time with matching or AmeriCorps funds while writing this application; see required supplemental forms.

##### **A. Executive Summary (Required - 0 percent)**

Please fill in the blanks of these sentences to complete the Executive Summary. Do not deviate from the template below.

The [Name of the organization] proposes to have [Number of] AmeriCorps members who will [service activities the members will be doing] in [the locations the AmeriCorps members will serve]. At the end of the first program year, the AmeriCorps members will be responsible for [anticipated outcome of project].

In addition, the AmeriCorps members will leverage [number of leveraged volunteers, if applicable] who will be engaged in [what the leveraged volunteers will be doing.]

This program will focus on the AmeriCorps focus area(s) of [Focus Area(s)].\* The AmeriCorps investment of \$[amount of request] will be matched with \$[amount of projected match], \$[amount of local, state, and federal funds] in public funding and \$[amount of non-governmental funds] in private funding.

\*If the program is not operating in an AmeriCorps focus area, omit this sentence.

Fixed-Amount grant applicants (EAP, Full-time Fixed, No Cost Slots) should list their Other Revenue (see Mandatory Supplemental Guidance) because they are not required to provide a specific amount of match, but still raise significant additional resources to operate the program. AmeriCorps will post all Executive Summaries of awarded grant applications on [www.americorps.gov](http://www.americorps.gov) in the interest of transparency and Open Government.

## **B. Program Design (50 percent)**

Reviewers will consider the quality of the application's response to the criteria below. Do not assume all sub-criteria are of equal value.

### **1. Theory of Change and Logic Model (24 points)**

The Theory of Change shall address:

- The proposed intervention is responsive to the identified community problem.
- The applicant's proposed intervention is clearly articulated including the design, dosage, target population, and roles of AmeriCorps members and (if applicable) leveraged volunteers.
- The applicant's intervention is likely to lead to the outcomes identified in the applicant's theory of change.
- The expected outcomes articulated in the application narrative and logic model represent meaningful progress in addressing the community problem identified by the applicant.
- The rationale for utilizing AmeriCorps members to deliver the intervention(s) is reasonable.
- The service role of AmeriCorps members will produce significant contributions to existing efforts to address the stated problem.

The Logic Model shall depict:

- A summary of the community problem.
- The inputs or resources that are necessary to deliver the intervention, including but not limited to:
  - Locations or sites in which members will provide services
  - Number of AmeriCorps members who will deliver the intervention
- The core activities that define the intervention or program model that members will implement or deliver, including:
  - The duration of the intervention (e.g., the total number of weeks, sessions or months of the intervention)
  - The dosage of the intervention (e.g., the number of hours per session or sessions per week)

- The target population for the intervention (e.g., disconnected youth, third graders at a certain reading proficiency level)
- The measurable outputs that result from delivering the intervention (i.e. number of beneficiaries served, types and number of activities conducted.) If applicable, identify which National Performance Measures will be used as output indicators
- Outcomes that demonstrate changes in knowledge/skill, attitude, behavior, or condition that occur as a result of the intervention. If applicable, identify which National Performance Measures will be used as outcome indicators.

Note: The logic model is a visual representation of the applicant’s theory of change. Programs may include short, medium or long-term outcomes in the logic model. Applicants are not required to measure all components of their theory of change. The applicant’s performance measures should be consistent with the program’s theory of change and should represent significant program activities.

In the application narrative, applicants should discuss their rationale for setting output and outcome targets for their performance measures.

Rationales and justifications should be informed by the organization’s performance data (e.g., program data observed over time that suggests targets are reasonable), relevant research (e.g. targets documented by organizations running similar programs with similar populations), or prior program evaluation findings.

Applicants with multiple interventions should complete one Logic Model chart which incorporates each intervention. Logic model content that exceeds three pages will not be reviewed.

## **2. Evidence Base (20 points)**

The assessment of an applicant’s evidence base has two parts. First, the applicant will be assigned to an evidence tier (see the Mandatory Supplemental Guidance.) Second, the quality of the applicant’s evidence and the degree to which it supports the proposed program design will be assessed and scored.

### ***Evidence Tier (12 points):***

An evidence tier will be assessed for each applicant for the purpose of applying the strategic characteristics (moderate/strong evidence) and understanding the relative strength of each applicant’s evidence base and the likelihood that the proposed intervention will lead to outcomes identified in the logic model.

In 2019, the evidence tiers of successful AmeriCorps State and National applicants that were competing were as follows: Strong 9%, Moderate 5%, Preliminary 40%, and Pre-Preliminary 46%. As these figures indicate, AmeriCorps values and funds programs at all points along the evidence continuum and expects programs to progress along the evidence continuum over time. Thus, do not be deterred from applying for funding due to your current evidence level.

Applicants who have evaluation reports of the same intervention described in the application (see Mandatory Supplemental Guidance for a definition of “same intervention”) may submit up to 2 of those reports, plus (if applicable) the evaluation report from their last three-year grant cycle, to qualify for the Preliminary, Moderate, or Strong evidence tier. In order to qualify for

consideration, the intervention evaluated in the submitted report(s) must match the intervention proposed by the applicant in the following areas, all of which must be clearly described in the Program Design and Logic Model sections of the application:

- Characteristics of the beneficiary population
- Characteristics of the population delivering the intervention
- Dosage (frequency, duration) and design of the intervention
- The context in which the intervention is delivered
- Outcomes of the intervention

Submitted reports that do not sufficiently match the intervention proposed by the applicant in all of these areas will not be considered applicable and will not be reviewed or receive any points. Submission of additional documents that are not consistent with the guidance and requirements described in the *Notice* (e.g., advocacy pieces, policy briefs, other narratives that are not research studies or program evaluations) will not be reviewed.

In the Evidence Tier section of the application narrative, applicants must (1) summarize the study design and key findings of any evaluation report(s) submitted and (2) describe any other evidence that supports their program, including past performance measure data and/or other research studies that inform their program design. Applicants who submit evaluation reports for consideration must also describe in the Evidence Base section of the application narrative how the intervention described in the submitted reports is the same as the intervention described in the application (see Mandatory Supplemental Guidance).

Applicants should provide citations for the studies they describe, if applicable; however, reviewers will not review any documents external to the application other than evaluation report(s) submitted in accordance with the *Notice* instructions.

Applicants must meet all requirements of an evidence tier in order to be considered for that tier.

If the evaluation reports submitted by the applicant do not meet the definitions in the Mandatory Supplemental Guidance, the applicant may be considered for a lower evidence tier.

### ***Evidence Quality (8 points)***

After the applicant's evidence tier has been assessed, the quality of the applicant's evidence and the extent to which it supports the proposed program design will be assessed and scored.

For applicants who are assessed as being in the Preliminary, Moderate, or Strong evidence tiers, reviewers will score the submitted evaluation reports using the following standards:

- The submitted reports are of satisfactory methodological quality and rigor for the type of evaluation conducted (e.g., adequate sample size

and statistical power, internal and/or external validity, appropriate use of control or comparison groups, etc.);

- The submitted reports describe evaluations that were conducted relatively recently, preferably within the last six years;
- The submitted reports show a meaningful and significant positive effect on program beneficiaries in at least one key outcome of interest.

For applicants who are assessed as being in the Pre-Preliminary evidence tier, reviewers will score the narrative provided in the Evidence Base section of the application using the following standards:

- The applicant uses relevant evidence, including past performance measure data and/or cited research studies, to inform their proposed program design;
- The described evidence is relatively recent, preferably from the last six years;
- The evidence described by the applicant indicates a meaningful positive effect on program beneficiaries in at least one key outcome of interest.

All applicants, including new grantees, are required to provide additional information in the Evaluation Summary or Plan field of the application (See Section E. Evaluation Plan); however, information provided in the Evaluation Summary or Plan field will not be scored and will not be reviewed until after funding decisions have been made.

### **3. Notice Priority (0 points)**

- The applicant proposed program fits within one or more of the 2022 AmeriCorps funding priorities as outlined in the *Funding Priorities* section and more fully described in the Mandatory Supplemental Guidance and the proposed program meets all of the requirements detailed in the *Funding Priorities* section and in the Mandatory Supplemental Guidance.

### **4. Member Experience (6 points)**

- AmeriCorps members will gain skills as a result of their training and service that can be utilized and will be valued by future employers after their service term is completed.
- The program will recruit AmeriCorps members from the geographic or demographic communities in which the programs operate.
- The applicant will foster an inclusive service culture where different backgrounds, talents, and capabilities are welcomed and leveraged for learning and effective service delivery.
- Commitment to Equity, Diversity and Inclusion: applying agencies that have adopted inclusion and diversity policies that have been reviewed and approved by the agency's Board of Directors will receive an additional one point under the Member Experience category; a summary of these policies must be submitted under the subject header "Commitment to Equity, Diversity and Inclusion" to [samuel.sokolove@state.nm.us](mailto:samuel.sokolove@state.nm.us) by the April 15, 2022 application deadline.

**5. Commitment to Post-Service Employment (0 points)**

- Applicants are required to include a short summary (no longer than 3-4 sentences) of how member experience will contribute to their members' post-service career and in which specific careers their service would be most relevant. This section, through a requirement of the RFA, will not be scored, but will be reviewed by peer reviewers and Commission staff.

**6. AmeriCorps Model (0 points)**

- Applicants will be asked to identify a current or past AmeriCorps program similar to what the applicant is currently or proposing to operate. This section won't be scored, but will help demonstrate the applicant's awareness of the National Service model.

**C. Organizational Capability (25 percent)**

Reviewers will consider the quality of the application's response to the following criteria below. Do not assume all sub-criteria are of equal value.

**1. Organizational Background and Staffing (9 points)**

- The organization details the roles, responsibilities, and structure of the staff that will be implementing the AmeriCorps program as well as providing oversight and monitoring for the program.
- The Commission requires that at least 1 FTE (or for 2 or more staff members) is dedicated to overseeing and administering the program activities.

**2. Compliance and Accountability (8 points)**

- The organization has a monitoring and oversight plan to prevent and detect non-compliance and enforce compliance with AmeriCorps rules and regulations including those related to prohibited and unallowable activities and criminal history checks at the grantee, subgrantee (if applicable), and service site locations.
- The AmeriCorps-required evaluation report meets AmeriCorps requirements (if applicable),
- The AmeriCorps-required evaluation report is of satisfactory quality (if applicable).

**3. Culture that Values Learning (4 points)**

- The applicant's board, management, and staff collect and use information, including performance data, for learning and decision making.

**4. Member Supervision (4 points)**

- AmeriCorps members will receive sufficient guidance and support from their supervisor to provide effective service.
- AmeriCorps supervisors will be adequately trained/prepared to follow AmeriCorps and program regulations, priorities, and expectations.

**D. Cost Effectiveness and Budget Adequacy (25 percent)**

**No narrative should be entered in the narrative box except for "See budget"**

Reviewers will assess the quality of the application's budget to the following criteria below. Do not assume all sub-criteria are of equal value.

**These criteria will be assessed based on the budget submitted.**

**1. Cost Effectiveness and Budget Adequacy (25 points)**

- The Commission requires that at least 1 FTE (or for 2 or more staff members) is dedicated to overseeing and administering the program activities.
- Budget is submitted without mathematical errors and proposed costs are allowable, reasonable, and allocable to the award.
- Budget is submitted with adequate information to assess how each line item is calculated.
- Budget is in compliance with the budget instructions.
- Match is submitted with adequate information to support the amount written in the budget.
- The budgeted match is equal to or more than the required match for the given program year.
- The budget sufficiently accommodates the equivalent of a full time employee or employees to manage the proposed program.
- The cost per MSY is equal to or less than the maximum cost per MSY.

Proposed budgets that contain MSY costs that exceed the maximum cost per MSY and/or less than required match will be considered unresponsive to the application criteria.

Applicants must complete the budget and ensure the following information is in the budget screens:

- Current indirect cost rate if used to claim indirect/administrative costs.
- Identify the non-AmeriCorps funding and resources necessary to support the project, including for Fixed Amount applicants.
- Indicate the amount of non-AmeriCorps resource commitments, type of commitments (in-kind and/or cash), the sources of these commitments, and if the commitments are proposed or secured.

**E. Evaluation Plan (Required for re-competing grantees - 0 percent)**

If the applicant is competing for the first time, please provide a data collection plan in the "Evaluation Summary or Plan" field that includes the following:

- A description of the applicant's data collection system and how it is sufficient to collect high quality performance measurement data during the first three years of the grant. If the applicant does not yet have a data collection system, describe the plan and timeline for developing a high quality system.
- A description of how the applicant will use performance data (including AmeriCorps performance measures and other process and outcome measures if applicable) to improve its program in the first three years of funding.

First-time applicants should be aware that AmeriCorps may require submission of data collection instruments if a grant is approved for funding. For more information about how to develop a high-quality data collection plan, visit the AmeriCorps Knowledge Network.

If the applicant is re-competing for AmeriCorps funds for the first time (see definition of "re-competing" below) the program must submit its evaluation plan in the "Evaluation Summary or Plan" section of the Narratives field in eGrants. If the applicant is re-competing for a

subsequent time, the program must submit its evaluation report as an attachment (see the *Submission of Additional Documents* section for more information), and must also submit an evaluation plan for the next three-year period in the “Evaluation Summary or Plan” field in the system. Evaluations plans submitted outside of the system will not be reviewed.

Evaluation plans must include as much information as possible for each of the following (see Frequently Asked Questions: Evaluation, available at [https://www.americorps.gov/sites/default/files/document/2019\\_10\\_01\\_AmeriCorps\\_State\\_and\\_National\\_Evaluation\\_FAQs\\_ASN.pdf](https://www.americorps.gov/sites/default/files/document/2019_10_01_AmeriCorps_State_and_National_Evaluation_FAQs_ASN.pdf)).

- A short description of the theory of change - why the proposed intervention is expected to produce the proposed results
- Outcome(s) of interest - clear and measurable outcomes that are aligned with the theory of change and will be assessed during the evaluation
- Research questions to be addressed by the study - concrete research questions (or hypotheses) that are clearly connected to the outcomes
- Proposed research design for the evaluation including a rationale for the design selected, an assessment of its strengths and limitations, and a description of the main components;
- Description of the data sources, sampling methods, measurement tools, and data collection procedures that will be used in the evaluation
- Analysis plan that clearly describes the methodology/ies that will be used to analyze the collected data
- A timeline for the evaluation that describes how the evaluation will cover at least one year of AmeriCorps-funded activity and will be completed within the three-year timeframe of the grant
- Qualifications needed for the evaluator
- The proposed budget

Information provided in the Evaluation Summary or Plan field will not be scored and will not be reviewed until after funding decisions have been made.

For more information about evaluation plans visit the AmeriCorps Knowledge Network’s Evaluation Resources: <https://americorps.gov/grantees-sponsors/evaluation-resources>

The evaluation requirements differ depending on the amount of the grant, as described in 45 CFR §2522.700-710:

- If the applicant is a State/Territory subgrantee and/or National Direct Grantee (other than an Education Award Program grantee), and its average annual AmeriCorps program grant is \$500,000 or more, it must arrange for an external impact evaluation of the program (see Mandatory Supplemental Guidance), and it must submit the evaluation with any subsequent application to AmeriCorps for competitive funds as required in 45 CFR §2522.730.
- If the applicant is a State/Territory subgrantee and/or National Direct Grantee whose average annual AmeriCorps program grant is less than \$500,000, or an Education Award Program Grantee, it must conduct an internal or an external evaluation of the program, and it must submit the evaluation with any subsequent application to AmeriCorps for competitive funds as required in 45 CFR §2522.730.

For purposes of compliance with evaluation plan and report requirements, an application will be considered a re-competing application if it satisfies the AmeriCorps definition of “same project” (see Mandatory Supplemental Guidance) and has been funded competitively for at least three years. If the applicant has received competitive funding for at least three of the last five years, it will be required to submit an evaluation plan. If the project satisfied the definition of same project and the applicant has completed, including at least six years of competitive funding for the same project, the applicant will be required to submit an evaluation report as well as an evaluation plan for the upcoming three-year grant. If the applicant does not satisfy the definition of re-competing, it will not be required to submit an evaluation plan or completed evaluation report.

The “Evaluation Summary or Plan” field of the Narrative does not count toward the page limit of the application; however, it does have a set character limit of 10,000 characters.

State/Territory subgrantees and/or National Direct Grantees that are re-competing for funds may be eligible to apply for approval of an alternative evaluation approach. Grantees requesting approval of an alternative evaluation approach should submit a request for approval of an alternative evaluation approach along with their evaluation plan in the Evaluation Summary or Plan field in the system. The request should clearly explain: (a) the evaluation constraints faced by the program, (b) why the proposed approach is the most rigorous option feasible, and (c) how the proposed alternative approach will help the grantee build their evidence base. Evaluation plans should include, at a minimum, the required elements listed in this *Notice*. The evaluation plan must be consistent with the information submitted in the competitive funding application and in the request for approval of an alternative evaluation approach. AmeriCorps guidance on alternative evaluation approaches can be found on the AmeriCorps website.

The “Evaluation Summary or Plan” field of the Narrative does not count toward the page limit of the application; however, it does have a set character limit of 10,000 characters. If the request for the alternative evaluation approach plus the Evaluation Plan itself will exceed the character limit of the Evaluation Summary or Plan field in the system, the applicant should do the following:

- Enter the Evaluation Plan in the Evaluation Summary or Plan field in the system.
- Include a note in the Evaluation Summary or Plan field stating that the applicant is requesting an alternative evaluation approach.
- Include the alternative evaluation approach at the END of the application narrative with the heading “REQUEST FOR ALTERNATIVE EVALUATION APPROACH.”  
This section of the application narrative will not count against the page limit.

#### **F. Amendment Justification (0 percent)**

Enter N/A. This field will be used if the applicant is awarded a grant and needs to amend it.

#### **G. Clarification Information (0 percent)**

Enter N/A. This field will be used to enter information that requires clarification in the post-review period.

## H. Continuation Changes (0 percent)

Enter N/A. This field will be used to enter changes in the application narratives in continuation requests.

## Planning Grant Scoring

The Commission is seeking applications for planning grants that may be used to develop new National Service models that seek to integrate members in innovative National Service programs. The Commission planning grant opportunity will award a maximum of \$45,000 for innovative program plans. For example, in the Economic Opportunity focus area, applicants could explore how to adapt social enterprise, workforce partnership, supportive housing, or financial literacy program models. Similarly, in the Healthy Futures focus area, applicants might explore how to integrate AmeriCorps members into effective program models designed to improve health outcomes such as increased access to, or utilization of, health care.

It is the expectation of the Commission that the totality of the planning grant award will be used to either hire a dedicated consultant to oversee the planning process, or to compensate a dedicated staff member with the expectation that 100% of their time will be committed to the successful oversight of the planning process. Awarded subgrantees that fail to demonstrate administrative progress on their planning grant within thirty days of the award will risk the termination of the NMDWS funding agreement.

### A. Executive Summary (fill in the blanks) (0 percent):

The [Name of the organization] proposes to develop an AmeriCorps program serving in [the location(s) the AmeriCorps program will serve] that will focus on the AmeriCorps focus area(s) of [Focus Area(s)]. The AmeriCorps investment of \$[amount of request] will be matched with \$[amount of projected match], \$[amount of local, state, tribal, and federal funds] in public funding and \$[amount of non-governmental funds] in private funding. No AmeriCorps members will be needed to execute this plan.

### B. Program Design (50 Percent)

#### 1. Need (25 Points)

The community problem is prevalent and severe in communities where the program plans to serve, and the problem has been documented with relevant data.

#### 2. Planning Process/Timeline (25 points)

The applicant describes a clear and logical planning process, including:

- A detailed description of the planning process and who is leading it.
- A well-developed timeline for planning activities.
- A clear description of how the planning period will be used to develop the necessary components to effectively manage an AmeriCorps program in the future.

The applicant includes development of the following program elements in the planning process/timeline:

- Theory of Change/Logic Model that describes implementation of the evidence-based intervention with fidelity and why the proposed intervention is expected to produce the proposed outcomes
- Member selection and training plan

- Member supervision plan
- Commitment to AmeriCorps Identity
- Compliance and Accountability
- Securing Match Support for the Program

The applicant includes development of the following evaluation elements in the planning process/timeline:

- Assessing fidelity to the evidence-based intervention being replicated, including a detailed accounting of which core components were modified as a result of integrating AmeriCorps members, how they were modified, and which core components were implemented with fidelity without adaptation
- Assessing outcomes achieved in previous evaluations of the evidence-based intervention
- Assessing any new outcomes anticipated as a result of integrating AmeriCorps members into the evidence-based intervention.

**c. Organizational Capacity (25 Percent)**

**1. Organizational Background and Staffing (25 Points)**

The applicant has the experience, staffing, and management structure to plan the proposed program.

The applicant has prior experience in the proposed area of programming.

The applicant has conducted high-quality process and outcome evaluations and has used evaluation results for organizational learning and continuous improvement

**d. Cost Effectiveness and Budget Adequacy (25 Percent)**

SAME AS OPERATIONAL APPLICATIONS

**Review and Selection Process of all Application Types**

The Commission will make a determination about applicants utilizing the data provided within the application and supplemental materials. These determinations may be different than what the applicant self-determined upon submission of its application.

**A. Compliance and Eligibility Review**

Commission staff will conduct a Compliance Review to determine if an application meets the compliance requirements published in this application and advances to the next stage of the review process. Applications determined non-compliant will not be considered for funding.

An application is compliant if the applicant:

- Is an eligible organization
- Submits an application by the submission deadline

Reviewing for eligibility is intended to ensure that only those applications that are eligible for award are further reviewed. However, a determination of eligibility can take place at any point during the application review and selection process. Applicants that are determined to be non-compliant and ineligible will not receive an award.

## **B. Review**

Each application will be assessed by peer and Commission staff reviewers who will evaluate the application using the application review criteria, consider the comprehensiveness and feasibility of the application, and assess the priorities and strategic considerations detailed in the application and assess the evidence base criteria in the application. All reviewers will be screened for conflicts of interest.

## **C. Post Review Quality Control**

After the reviewers complete their assessment, Commission staff will review the results for fairness and consistency. Some applications may be selected for a Quality Control assessment.

## **D. Risk Assessment Evaluation**

Commission staff will evaluate the risks to the overall program posed by each applicant, including conducting due diligence to ensure an applicant's ability to manage federal funds and the applicant's past performance (if applicable.) This evaluation is in addition to the evaluation of the applicant's eligibility for funding **and** the quality of its application on the basis of the Selection Criteria. Results from this evaluation will inform funding decisions. If the Commission determines that an award will be made, special conditions that correspond to the degree of risk assessed may be applied to the award. In evaluating risks, the Commission may consider the following, but not limited to:

- Financial capability and capacity to manage Federal funds
- Quality of financial management systems and ability to meet the administrative standards prescribed in applicable OMB Guidance
- History of performance as reflected in the applicant's record in managing previous AmeriCorps awards, cooperative agreements, or procurement awards, including:
  - Timeliness of compliance with applicable reporting requirements,
  - If applicable, meeting matching requirements, and
  - If applicable, the extent to which any previously awarded amounts will be expended prior to future awards
- Information available through any OMB-designated repositories of government-wide eligibility qualification or financial integrity information, such as –
  - Federal Awardee Performance and Integrity Information System (FAPIIS),
  - U.S. Treasury Bureau of Fiscal Services
  - Dun and Bradstreet,
  - "Do Not Pay," and/or
  - System for Award Management
- Reports and findings from single audits performed under Uniform Administrative Guidance and findings of any other available audits
- IRS Tax Form 990
- An applicant organization's annual report
- Publicly available information including information from an applicant organization's website
- Any other information listed in 45 CFR § 2522.140
- The applicant's ability to effectively implement statutory, regulatory, or other requirements.

- Responses to the Financial Management Survey and supporting documentation.
- Past Performance

Commission staff will assess re-competing subgrantees' past performance. This assessment is in addition to the evaluation of the applicant's eligibility for funding or the quality of its application on the basis of the Selection Criteria. Results from this assessment will inform funding decisions. In evaluating programmatic performance, the Commission will consider the following for applicants that are current formula and competitive grantees:

- Grant progress reports – attainment of Performance Measures
- Enrollment and retention
- Compliance with 8 day enrollment and 30 day exit requirements in the AmeriCorps portal
- Site visit or other monitoring findings (if applicable)
- OIG findings (if applicable)
- Significant opportunities and/or risks of the grantee related to national service

Additionally, the Commission may use the results of the review of the risk assessment evaluation in determining which applications to fund. If the Commission concludes that the reasons for applicants having poor risk assessment evaluations are not likely to be mitigated, those applications may not be selected for funding.

#### **E. Consideration of Integrity and Performance System Information**

Prior to making any award that exceeds \$150,000, the Commission is required to review and consider any information about the applicant that is in the designated integrity and performance system accessible through SAM and FAPIIS (see 41 U.S.C. 2313). Additionally AmeriCorps may expand upon these requirements and use its discretion to review and consider information about any applicant receiving an award, including those under \$150,000.

Any applicant, at its option, may review information in the designated integrity and performance systems accessible through FAPIIS and comment on any information about itself that a Federal awarding agency previously entered and is currently in the designated integrity and performance system accessible through FAPIIS;

The Commission will consider any comments by any applicant, in addition to the other information in the designated integrity and performance system, in making a judgment about the applicant's integrity, business ethics, and record of performance under Federal awards when completing its review of risk posed by the applicant under the Risk Assessment Evaluation section of this Notice.

#### **F. Applicant Clarification**

Some applicants may receive requests to provide clarifying information and/or make changes to their application including changes to the budget. Applications may be recommended for funding even if they are not asked clarification questions. A request for clarification does not guarantee a grant award. Failure to respond to requests for clarification adequately and in a timely manner may result in the removal of applications from consideration.

# F. STATE, FEDERAL AWARD ADMINISTRATION INFORMATION

## 1. Federal Award Notices

The Commission and AmeriCorps will make awards following the grant selection announcement. Please see the Important Dates section at the beginning of this RFA for the date, contingent on timely full year appropriations. Applicants will be notified of funding decisions via email. This notification is not an authorization to begin grant activities. The fully executed grant agreement signed by all required parties, including the NMDWS Secretary or Acting Secretary, is the only document authorizing awardees to commence grant activities. Unsuccessful applicants will also receive a notification that their application was not approved for funding.

An awardee may not obligate or expend federal funds until the start of the Project Period identified on the Notice of Grant Award.

## 2. Administrative and National Policy Requirements

### a. Uniform Guidance

All awards under this Notice are subject to the Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance), now consolidated in 2 CFR Parts 200 and 2205.

### b. Requests for Improper Payment Information

AmeriCorps may, from time to time, request documentation from recipients in order to monitor the award or to comply with other legal requirements, such as the Improper Payments Information Act of 2002, as amended. Failure to make timely responses to these requests may result in award funds being placed on temporary manual hold, reimbursement only, or other remedies as appropriate. In addition, AmeriCorps may, in appropriate circumstances, consider in its funding decisions any previous failures to make timely responses.

### c. AmeriCorps Terms and Conditions

All awards made under this *Notice* will be subject to AmeriCorps General Terms and Conditions, and AmeriCorps Program Specific Terms and Conditions. These Terms and Conditions contain detailed, mandatory compliance and reporting requirements. Current versions of the AmeriCorps General and Specific Terms and Conditions for each of its programs is available at <https://americorps.gov/sites/default/files/document/FY2022-General-Terms-Conditions-508-20211119.pdf>

## 3. National Service Criminal History Check Requirements

The National Service Criminal History Check (NSCHC) is a screening procedure established by law to protect the beneficiaries of national service. The law requires recipients to conduct and document NSCHCs on any person (including award-funded staff, national service participant, or volunteer) receiving a salary, living allowance, stipend, or education award through a program receiving AmeriCorps funds. This includes staff that receive part of their salary through a subgrant. An

individual is ineligible to serve in a position that receives such AmeriCorps funding if the individual is registered, or required to be registered, as a sex offender or has been convicted of murder. The cost of conducting NSCHCs is an allowable expense under the award. Please budget at least \$54 plus the cost of a state check per covered individual (staff and members) on the AmeriCorps share of the budget.

Unless AmeriCorps has provided a recipient with a written exemption or written approval of an alternative search procedure, recipients must perform the following checks:

All award-funded staff, national service participants, and volunteers must undergo NSCHCs that include:

- A nationwide name-based search of the National Sex Offender Public Website (NSOPW) and both:
- A name- or fingerprint-based search of the statewide criminal history registry in the person's state of residence and in the state where the person will serve/work; and
- A fingerprint-based FBI criminal history check.

See 45 CFR § 2540.200–§ 2540.207 and [AmeriCorps Criminal History Check Resources](#) for complete information and FAQs.

#### **4. Use of Material**

To ensure that materials generated with AmeriCorps funding are available to the public and readily accessible to grantees and non-grantees, AmeriCorps reserves a royalty-free, nonexclusive, and irrevocable right to obtain, use, modify, reproduce, publish, or disseminate publications and materials produced under the award, including data, and to authorize others to do so (2 CFR §200.315 (b)).

#### **5. Reporting**

Recipients are required to submit a variety of reports which are due at specific times during the life cycle of an award. All reports must be accurate, complete, and submitted on time.

Cost reimbursement grantees are required to provide mid-year, end of year, and final progress reports, semi-annual financial reports, and an internal or external evaluation report as required by the AmeriCorps regulations 45 CFR §§2522.500-2522.540 and §§2522.700-2522.740. A final financial report is due at the end of the grant.

Fixed Amount grantees are required to provide mid-year, end of year, and final progress reports and an internal or external evaluation report. All grantees, including Fixed Amount grantees, submit quarterly financial reports to the U.S. Department of Health and Human Services Payment Management System.

Award recipients will be required to report at [www.FSRS.gov](http://www.FSRS.gov) on all subawards over \$25,000 and may be required to report on executive compensation for your organization and for your subgrantees. Recipients and subrecipients must have the necessary systems in place to collect and report this information. See [2 CFR Part 170](#) for more information and to determine how these requirements apply.

Once the grant is awarded, recipients will be expected to have data collection and data management policies and practices that provide reasonable assurance that they are providing AmeriCorps with high quality programmatic and financial data. At a minimum, grantees should have policies and practices which address the following five aspects of data quality:

- The grantee measures what it intends to measure;
- The grantee collects data in a consistent manner;
- The grantee takes steps to correct data errors;
- The grantee ensures that the data reported is complete; and
- The grantee actively reviews data prior to submission.

### ***Progress Report Data***

In addition to semi-annual reporting of progress toward the grant's approved performance measure outputs and outcomes, additional demographic and narrative data must be reported annually (as applicable), including the number of applicants for AmeriCorps positions and the number of volunteers recruited and/or supported by AmeriCorps members (both episodic and ongoing volunteers.) The full list of required and optional demographic indicators for AmeriCorps programs can be found on the AmeriCorps Grantee Progress Report webpage.

Failure to submit accurate, complete, and timely required reports may affect the recipient's ability to secure future AmeriCorps funding.

## **6. Continuation Funding Information and Requirements**

Organizations that have current AmeriCorps awards that do not end in FY22 must submit an application in order to be eligible to receive funding for the following year. Please see the Application Instructions. Requests by existing continuation applicants for increases in the level of funding or number of positions will be assessed using the criteria under this *Notice*.

## **G. FEDERAL AWARDING AGENCY CONTACT(S)**

This *Notice* is available at <https://americorps.gov/partner/funding-opportunities>

## **H. OTHER INFORMATION**

### **1. Technical Assistance**

In addition to consulting the Application Instructions, Mandatory Supplemental Guidance, Performance Measure Instructions, and AmeriCorps regulations as directed in this application, Commissions and National Direct applicants are encouraged also to consult the AmeriCorps web site for a schedule of technical assistance conference calls, and Frequently Asked Questions that are updated during the competition period. Applicants in a single state should consult with their Commission.

### **2. Reallocation of Funding**

AmeriCorps reserves the right to reallocate funding in the event of disaster or other compelling need for service.

### **3. High-Risk Applicant Identification**

The New Mexico Department of Workforce Solutions reserves the right to not award a funding agreement to an agency that is determined by the Office of the General Counsel of the NMDWS to be a high-risk applicant between the time the application is submitted to the Commission and the time the application is approved for funding. Reasons for the High-risk determination may include, but are not limited to:

- a. Noncompliance with the terms and conditions of another federal or state award;
- b. Current litigation and/or a current criminal investigation involving the applicant's officers;
- c. The applicant's overall financial stability as revealed through an audit process;
- d. Quality of internal management systems;
- e. History and/or record with the Commission or NMDWS in complying with applicable reporting requirements and conformance to terms and conditions;
- f. Significant unannounced changes to the applicant's staff or administrative structure.
