Role: Manager, Grants and Contracts  
Location: Remote/NY

Organization Overview

Results for America (RFA) is the leading, national nonprofit organization helping policymakers at all levels of government harness the power of evidence and data to solve the world’s greatest challenges. Our mission is to make investing in what works the “new normal,” so that, one day, all government leaders use rigorous evidence and quality data to inform important policy and funding decisions. We believe that data-driven and evidence-based policy decisions could significantly increase the impact of the over $1 trillion that governments spend annually to advance economic mobility and racial equity.

Founded in 2012, RFA spent its first three years partnering with policy innovators to build the credibility of evidence-based policymaking, securing early and important wins in education, expanding its work to multiple levels of government and driving awareness and demand through carefully orchestrated education and communication campaigns. During its second phase (2015-2018), RFA worked to demonstrate the power of evidence-based policymaking in ways that resonate with an even broader universe of elected officials and policymakers. Now in its third phase of work, RFA intends to demonstrate that governments at all levels can make faster, more lasting progress in accelerating economic mobility for residents when they use evidence and data in decision-making. By creating specific issue-area wins, RFA will further cement support for evidence-based policymaking among all policymakers as the “new normal.”

Department Overview

Results for America’s Finance Department manages all of the organization’s financial resources. This includes but is not limited to developing and monitoring the organization’s annual budgets and monthly/quarterly financial reports and tracking and paying all of the organization’s contracts, invoices, subgrants and staff reimbursements.

Results for America’s Strategic Partnerships manages the organization’s ambitious fundraising agenda to support its third phase of work. As RFA looks ahead to 2022 and beyond, the team is in the process of exploring and cultivating multi-million dollar opportunities to work with governments across the country to increase their use of data and evidence to drive decision-making and improve resident outcomes.
